

MK-1 Life Preserver TIP 019

Uninstalling crotch straps from an Eastern Switlik life preserver:

- a. Place life preserver face up on a clean surface and unbuckle life preserver waist belt and long strap pieces (Figure 1).

Figure 1

- b. Unfasten short strap piece loop snap (Figure2).

Figure 2

c. Slide both loop ends off of waist belt (Figure 3).

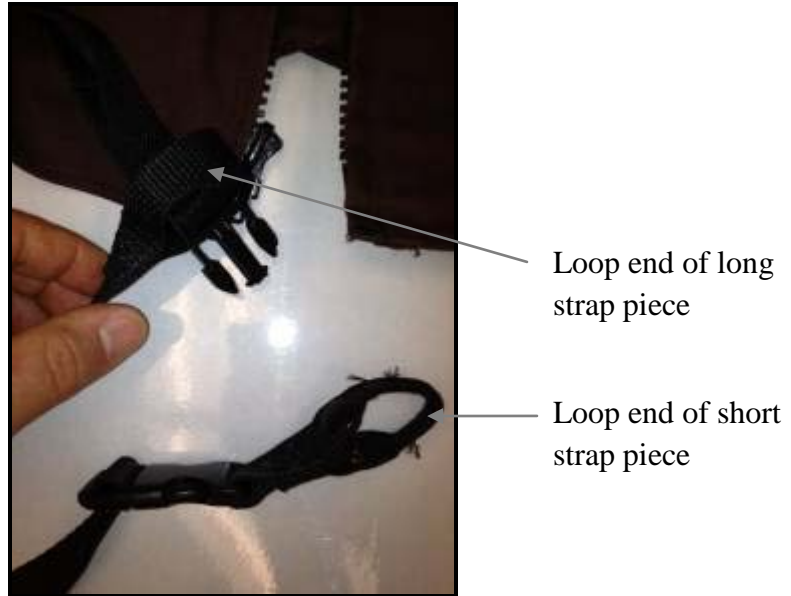

Figure 3

d. Repeat for the other side (Figure 4).

Figure 4

- e. Snap long and short strap piece buckles together (Figure 5).

Figure 5

- f. Fold each strap and secure with an elastic band and place in a plastic bag for stowage (Figure 6).
